The Declarant and each Owner of any lot by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association: (1) annual assessments, or charges, as set forth herein, and (2) special assessments for capital improvements, such assessments to be established and collected as hereinafter provided. The annual and special assessments, together with interest, costs, and reasonable attorney's fees, will not be a charge on the land, but shall be a continuing personal lien against the owner(s) of the said lot for which such assessment is made. Each assessment shall be the personal obligation of the person(s) who was the owner(s) of such property at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to his/her successors in title unless expressly assumed by them. Assessments shall be levied based upon the use being made of the property within the Subdivision. The allocation of the amount of the Assessment shall be made solely by the Declarant until said control of the Association passes to the Owners as herein set forth in Article III.

Section 2. Purpose of Assessments. The assessments levied by the Association shall be used exclusively to promote the appearance, recreation, health, and safety, in the common areas and/or the Subdivision, for the benefit and welfare of all of the residents in the Properties, and for the improvement and maintenance of the Common Areas. An individual assessment may be made against a particular parcel for the purpose of defraying, in whole or in part, the costs of any special services to that parcel.

Section 3. Maximum Annual Assessment. Annual assessments shall commence thirty (30) days after conveyance, by deed, of any part of the Common Areas by Declarant to the Homeowners Association.

(a) From and after the initial assessment as determined by the Declarant, the maximum annual assessment may be increased not more than fifteen (15%) above the maximum assessment for the previous year without a vote of the membership.

(b) From and after the initial assessment, as above provided, the maximum annual assessment may be increased above 15% by a vote of two-thirds (2/3rds) of all members who are voting in person, or by notarized proxy, at a duly called meeting for this purpose.

©) The Board of Directors may fix the annual assessment at an amount not in excess of the maximum.

Section 4. Special Assessments for Capital Improvements. Written notice of any meeting called for the purpose of taking any action authorized under Section 3 or 4 shall be sent to all members not less than 10 days nor more than 30 days in advance of the meeting. At the first such called meeting, the presence of members entitled to cast sixty (60) percent of all votes of the membership shall constitute a quorum. No business may be transacted without a quorum present. At all meetings an owner (Lot owner) may vote by proxy executed in writing by the owner and notarized by a Notary Public, provided, said proxy is filed with the Secretary of the Association before, or at the time of the meeting.

Section 6. Uniform Rate of Assessment. Both annual and special assessments may be fixed at a uniform rate for all lots and may be collected on an annual or monthly basis.

Section 7. Date of Commencement of Annual Assessments: Due Dates. The annual assessments for all lot or property owners, except for the Declarant, or any successor developer/Declarant, shall commence on the 30th day following the conveyance of the first parcel or property of the Common Areas by the Declarant to the Homeowners Association, except that any and all property owned by the Declarant in the subdivision, shall be exempt from any and all assessments of the Homeowners Association until such time as all of the lots or properties in the subdivision have been sold, and title thereto has been deeded and transferred out of the name of Declarant. The first

annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessments against each lot at least thirty (30) days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner subject thereto, and/or posted on the Common Area Property. The due dates shall be established by the Declarant or the Board of Directors of the Association. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified lot have been paid. A properly executed certificate of the Association as to the status of assessments on a lot is binding upon the Association as of the date of its issuance.

Section 8. Effect of Nonpayment of Assessments: Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of fifteen (15%) percent per annum. If any such sum shall not be paid when due, the Association shall have the right upon not less then fifteen (15) days notice to the lot owner, to collect such sum by suit at law, and by all other legal means, and to add to such sum and collect reasonable attorney's fees, and all other costs and expenses incurred by the Association in connection with the collection therewith. No owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area, or abandonment of his/her/its lot.

The Assessment Charge provided for herein shall be subordinate to the lien of any unpaid real property taxes and any recorded mortgage on said property. Mortgagees shall have no responsibility for collecting assessments from Owners. Pursuant to the policies of the United States Department of Housing and Urban Development and the Veterans Administration, or similar governmental entity, it is not intended that failure to pay any Assessment Charge shall be a default under the terms of any mortgage insurance by the United States Department of Housing and Urban Development and/or the Veterans Administration, or similar governmental entity. The Declarant and/or the Association shall have the right to assess fines, and suspend the voting rights and right to use of common property by any lot owner for any period during which any Assessment shall remain unpaid.

In the case of driveways the surface water will drain across the surface in normal

patterns toward the beds or gardens, or may be directed in the manner yards are graded. Along the lake frontage, these beds or filtration areas including buffer areas will be required to intercept fertilizer run off from lawns before entering the lake directly to prevent nutrient load in storm water run off that affects water quality. The rain gardens, and infiltration beds, along the right of ways of the streets and roads will be constructed by the developer in accordance with the requirements of the Sumter Soil and Water Conservation District, SCDHEC and EPA requirements. Additional rain gardens, or infiltration beds, will need to be sized and constructed on each lot as follows: a rain garden should be constructed that would be twenty-five (25%) percent of the impermeable area on the lot. Impermeable area shall be calculated as twice the house foot print size. The following chart is based upon the house footprint (the square footage of the ground floor of the house).

HOUSE FOOTPRINT (sq ft)	RAIN GARDEN MINIMUM SIZE (sq ft)
2500	1250
2750	1375
3000	1500
3250	1625
3500	1750
3750	1875
4000	2000

All rain gardens must be constructed in accord with requirements issued by the Declarant and/or Architectural Review Committee. Each lot owner will have the freedom to landscape, or improve, these rain gardens, or infiltration beds, provided such landscaping and/or improvement(s) have been approved in advance by the Architectural Review Committee as they see fit, and provided such improvements are in accordance with the guidelines established by the Sumter Soil and Water Conservation District, SCDHEC or EPA.
